Fight Entrenched Power & Opportunist Politicians With Protest!

The 15 Minute Parking Lot Panic Law has been used to disperse the Drummers Circle, which has been a part of the downtown community. A place where Food Not Bombs and others feed. A place where musicians and others gather weekly in a peaceful manor. One of the few ever shrinking public spaces left for people to peacefully assemble. We will not give up this right! Stand with us!

Last year many groups and people showed up in solidarity and stopped the police harassment.

Know your rights, be kind, take a stand.
