You are invited to hear Fred Goldstein, author of **Low-Wage Capitalism**, talk about his groundbreaking new book and present a Marxist view of the capitalist crisis.

Critically acclaimed by both Howard Zinn and Michael Parenti, **Low-Wage Capitalism** provides a sorely-needed and easy-to-read analysis of the roots of the current global economic crisis, its implications for workers and oppressed peoples, and the strategy needed for future struggle.

Goldstein explains how the dramatic impact of new technology and the restructuring of global capitalism contains the seeds of its own destruction.
