

# Do your bosses want you to work on May Day?

## Tell them no.

**We spend every other day making money for our employers. On May Day we say NO. Stop asking for favors and take what's yours.**

**Let's shut down your employer on May Day. Then let's shut down the rest of the city to take revenge against capitalism.**

**To coordinate a shutdown of your employer on May First, call or text the tip line at 510.610.2512. Or send an e-mail to [fireyourboss@hushmail.com](mailto:fireyourboss@hushmail.com).**

## May First: Global General Strike No work. No school. No business.
