Julian Assange, Sexual Slander, and the Defense of Whistleblowers

Elazar Friedman will discuss the pattern of FBI and US intelligence to employ the use of sexual slander against social justice activists to undermine a united front defense by fear of complicity with these scary smears. Why it is vital not to let these obvious imperialist intrigues against Assange divert us from united front defense of Chelsea Manning, Julian Assange, Edward Snowden and all whistleblowers exposing the crimes of imperialism including most of all US imperialism. Discussion will follow Elazar's presentation.
