My name is Randy Miranda, from Partido Manggagawa – Labor Party-Philippines. In behalf of our party, we are calling on the authorities to release Mumia the soonest possible time. We have learned that his condition is even more alarming, as he has been diagnosed recently as suffering from congestive heart failure. He needs to be released from prison and sent to a hospital for proper medical attention. We ask the authorities to transfer Mumia to a hospital for proper medical care and attention.

Free Mumia immediately!

Free all elders, vulnerable inmates, and political prisoners!
